

# Project: BAA Compass Centre

Value: £75,300.00 // Completion Date: September 2009

Graphic Image won the tender for the refurbishment of BAA's head office at Heathrow. The graphics package was awarded with an array of manifestation options including Optically clear film, dusted crystal etch film, digital wallpaper and spot coloured films. Graphic Image installed Optically clear

manifestation, backed with a band of dusted crystal film to over 140 linear meters of glazing, while installing over 800 linear meters of dusted crystal film in total. Digital wallpaper was installed across three floors and two wings of the head office, with iconic photography from the BAA archive. The pin-sharp

images really set off a visually stunning installation. Graphic Image were also involved right down to toilet signs and recycling bin stickers. The project was installed over two phases and took ten weeks from start to finish.
